

Healthy Activities

for all ages

in and around Sonning
Common

Introduction

Dr William Bird started the Health Walks in 1975 with the aim to improve people's fitness for both body and mind, by encouraging them to use their local countryside for walking. They remain very popular not only in Sonning Common but in many other counties in the UK.

My intention is to inform our community of the great choice of activities there is in Sonning Common and nearby. It is hoped this booklet might inspire the young and not so young to take up a new challenge, maybe as a family group or on your own, it is never too late to start. Research shows that exercise reduces the incidence of Dementia, Cancer, High Blood Pressure and Diabetes and helps to promote a healthy old age. Starting young increases the benefits and together with a healthy diet will help control obesity.

The activities are within a radius of about 4.0 km from the Health Centre. I would be happy to correct any omissions or errors, please email sue.HAT1999@gmail.com .

Sue Litchfield Second Edition May 2019

Sonning Common Resident and SCHC patient/volunteer

Chiltern Edge Community Association has kindly funded the publication of this booklet.

Printed by Just Tickets

Activities are coded as follows

A = Activities for adults only

AC = Activities for adults and children (some not together)
